SUPPLEMENT TO  
REPORT NO.

1. According to recent information, a new section will be added to the southern part of the outer freight ring around Berlin. The line Birkengrund-Blankenfelde-Schönefeld-Grünau-Spindlersfeld is to be extended to Fangschleuse, where it will meet the main line Berlin-Fürstenwalde. The new line will be double-tracked. The construction has received a high priority and is scheduled for completion by November 1951. A double-tracked railroad bridge at Grünau, serving as a westward connection for the new line, has been completed.
2. The finished part of the outer freight ring will be opened for double track operation on 10 July 1951.
